**SENSIBLE
AND
ECONOMICAL**

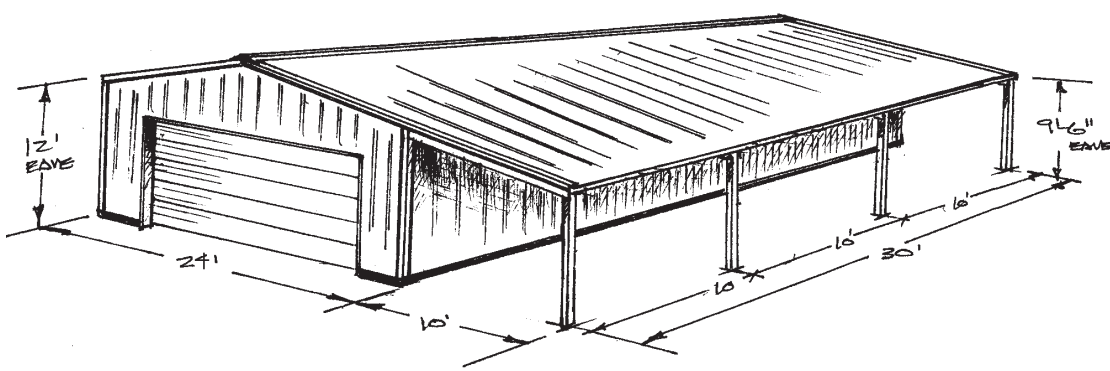

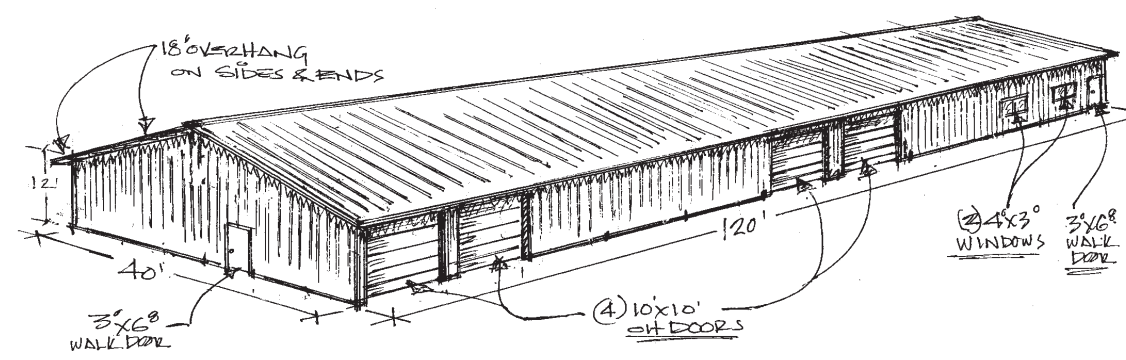

ALL PURPOSE

You have the stuff, we have the building

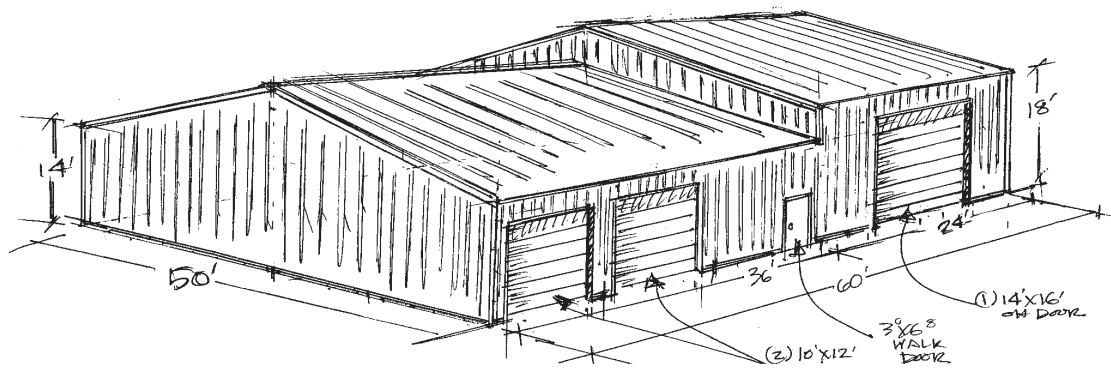

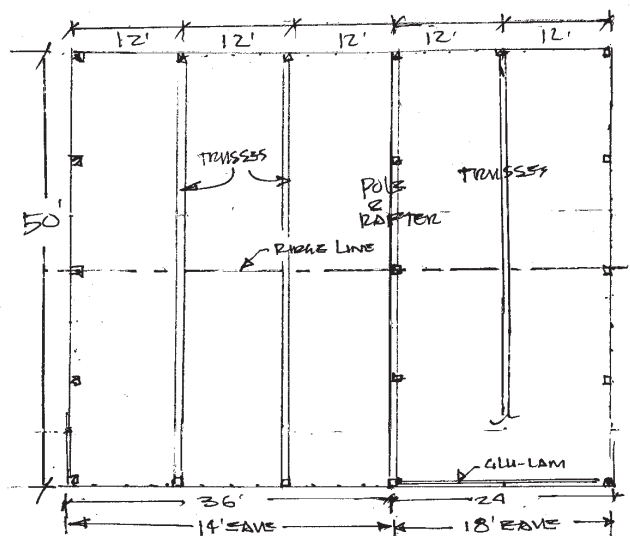

Whatever your budget, we have the building for you.

Build it yourself
or have our
professionals
build it.

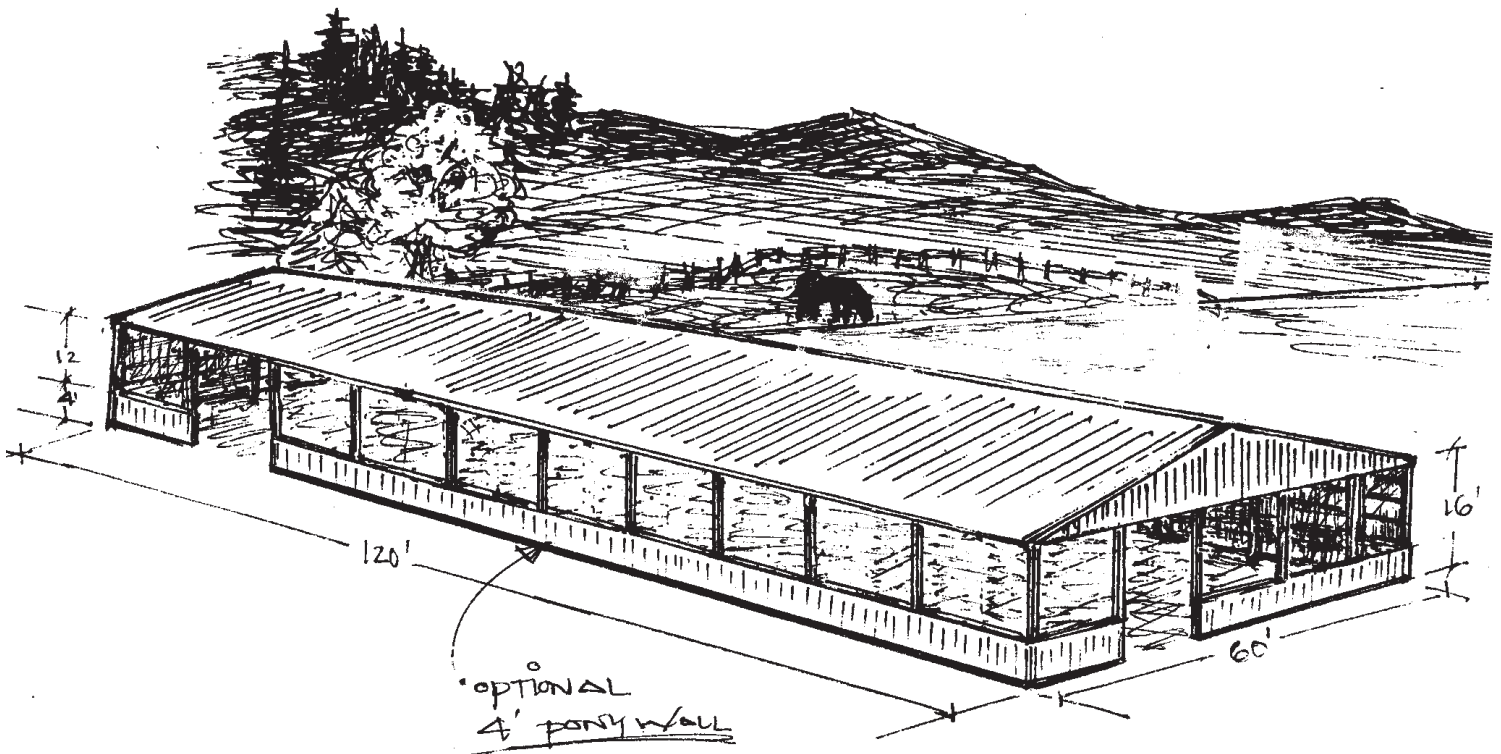

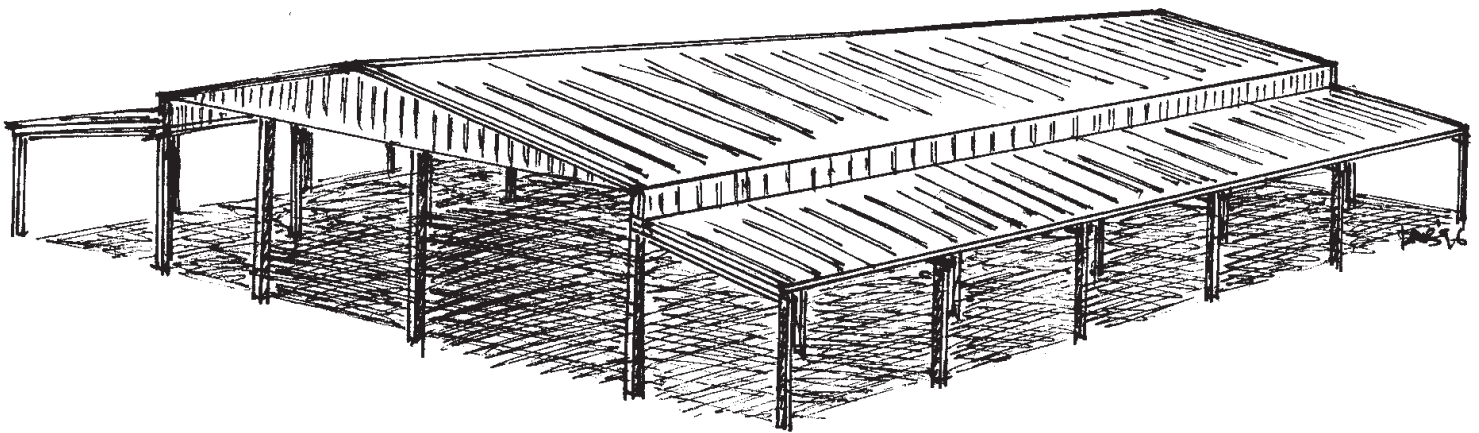

ROOF-ONLY BUILDINGS

Most square foot for your dollar.

40' X 60' X 14'
w/ (2) 12' X 60' X 12' to 10'
SHEDS
ALL OPEN BAYS

WHY A POLE BUILDING MAKES SENSE

1. Keep your assets out of the weather. Machinery, RVs, automobiles, boats, animals, etc. are all important to you. The UV rays from the sun can do as much damage as rain to your valuables. Let's protect your investment.
2. Enhance the aesthetics of your property. Helps organize and clean up clutter.
3. Increase the value of your property. A pole building is a great marketing tool for the re-sale of your property.
4. Construction costs are a fraction compared to traditional construction.
5. Low maintenance. No need to repaint or reroof on a traditional steel-sided pole building.
